

Perlenkinder News Easter April 2026

For the Perlenkinder, Easter this year means: community, togetherness, and good food!

Since we were able to purchase the house and property in February, it's now time to "save up"! Our focus is on moving forward with renovating the house - starting with the bathrooms and bedroom – in order to create a better living environment for all residents.

So this year, Easter "only" included a delicious meal for everyone, with meat, fresh vegetables and fruit, drinks, and dessert. The photo shows happy and content children!

We plan to be back on site in October - and hopefully begin implementing the first concrete plans for the renovation then. Thank you so much for all your help!
