

Perlenkinder News July / August New Beds

The Pearl Children in Buhoma, Uganda, are so happy
about their new sleeping arrangements!

The beds are delivered

Anyone who has seen how the children at the Perlenkinder orphanage used to sleep can truly understand their joy! Before the new beds were purchased, the boys and girls had to sleep on the floor every night or share a bed, and sometimes even blankets, with several other children. Those were uncomfortable nights!

Their joy is understandable: the children feel safer
and more secure..

Perlenkinder News July / August New Beds

The new beds, including mattresses and blankets, were made possible by a generous donation from the employees of TECE on the occasion of Hans-Joachim Sahlmann's retirement after 32 years with the company..
